Good morning, all,

First off, thank you all so much for considering joining us for this panel this spring. I appreciate what you will all bring to the conversation.

I wanted to reach out about timing. With folkx all over the country, we need to coordinate without putting someone out too much. If we did the panel at 4:30 pm Mountain that would mean, we can get a lot of folkx to attend. If we did an earlier morning at 9:00 am Mountain that would be an earlier morning for you west coasters. I guess my question is who is more of an early morning or okay with a later evening type person haha!

The two dates that work very well for us at the CTL would be Monday, March 6th and Tuesday, March 7th. Of course, these will be on Zoom. So, if you have a preference, let me know. I would love to have three on one and four on another.

Let me know your preference. I want to make this work for everyone.

For the panel, I would ask that you introduce yourselves. Where are you now? What position do you hold? What degree did you get at CU? Etc.

Then, follow that up with thinking about these questions.

1. How did the application and hiring process go at your institution?
2. How does your institution break down research, teaching and service expectations?
3. What advice would you give participants as they think about their process?

Of course, there will be plenty of time for discussion. These panels always go amazingly well, so thank you again for joining us.

Preston
