2	Jose Ortiz is a great professor. He was fair with his grades, and was always available for consultation. Professor Ortiz was helpful and guided me through any challenges there were. His assignments and due dates were reasonable.
3	I enjoyed the freedom of choosing a research topic I was particularly interested in. However, my learning style requires more in-person or online accountability, so I would benefit from that aspect being a little stronger. I know the schedule and structure work well for others, especially those who are teaching full time.
