Hi Kate,

To follow up, here is what you have to do in order to enroll in MAT 115.

Send an email to Sharon.Tucker@Cortland.edu with your name, C#, and a request stating that you have 4 years of math. Feel free to cc me in the email.

I'm still working on FSA 340.

Best,

Jose Ortiz

Subject: Registration

Hi Mr. Ortiz,

I am trying to register for my classes and I am unable to register for my Calculus A class. It says I need a prerequisite, grade of C- in MAT 115 or four years of high school mathematics, and I have completed math in high school for four years. This is necessary to start my concentration in mathematics classes.

I am also unable to register for FSA 340. It says that it is restricted for a specific major, program, or concentration. However, I fall under that category.

Please let me know how to fix this please.

Kate Baranello
